11 JUN 1969

MEMORANDUM FOR: Chief, Assessment & Evaluation Staff/OMS

SUBJECT : Attitude Questionnaire for CT Applicants

REFERENCES : a) Memo for DD/S from AES/OMS dtd 22 Oct 68,
subj: Periodic Progress Report
b) Memo for SOS/DDS from AES/OMS dtd 29 Apr 69,
same subject (DD/S 69-2025)

The entire subject of the CT Program - its successes, failures and problem areas - is under study and review by various interested Offices within the Agency. Pending receipt of reports and recommendations from these studies, I have decided that we should not go ahead with your proposed questionnaire.

SIGNED R. L. Bannerman

Approved For Release 2003/04/29 : CIA-RDP84-00780R003700090005-0

Mr. Bannerman

Sorry, this got overwhelmed
by other CT & non-CT matter.

I agree with emphasis
that we should not do the
questionnaire at this time —
probably never.

I would suggest (ref
para 2 of attached)
means that copy be sent to
D/IR rather than CTP and
also that copy be sent to
D/Per.

Approved For Release 2003/04/29 : CIA-RDP84-00780R003700090005-0

P.S. Somehow the copy got to
Bannerman with no action — just as well
deletable

NOTE FOR: Mr. Bannerman via *mx*

25X1

SUBJECT : Periodic Progress Report - 22 October 1968 - Prepared by AES/OMS

1. This is an old package. Your question on distribution (Paragraph 2 below) and AES question (Paragraph 3 below) had not been answered previously.

2. Distribution was made to O/DD/S, D/OMS and Task Force members. In response to your query re additional distribution, we suggest that a copy be sent to OTR/CTP and one retained here in SOS for Mr.  background use with the Committee on Young Professionals.

25X1

3. A&E had developed a new ^{Aug '68} questionnaire to develop data on Attitudes of CTP Applicants, designed to measure attitudes relevant to their accepting or declining Agency employment. Paragraph 5 of their October 1968 memo requested your decision as to whether the questionnaire should be mailed to applicants at the time they are offered appointments to the CTP or given to them at the time of their Headquarters visits.

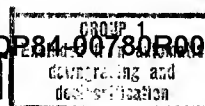

4. We discussed this with Mr.  who was familiar with the subject and thought that it was a dead issue from talks he had, while in charge of CTP, with Dr.  of AES some time ago. He expressed the opinion that the significance of such a questionnaire has been overtaken by events, that there are simpler and more direct answers available to us. The external CTP input which has decreased over the past years represents a decreasing percentage of the total professional input.

25X1

5. We've had three substantive AES attitudinal studies on CT's and other young professionals - November 1968, February and March 1969 - since the subject of this questionnaire was first raised. We recommend that this AES proposal to administer the questionnaire be shelved. Mr.  has advised that the A&E people are in process of preparing and administering a questionnaire (similar to that used in original Civil Service exercise) to five and ten year groups of Agency professional personnel as part of the continuing work of Mr. Stewart's Committee on Young Professionals.
